We have previously built four houses over the years, and this one by Hennessy Building Projects has been by far the smoothest.

Despite being two large four bedroom duplexes with pools, timber floors and fashion features, the entire build was completed in just five months.

Aaron issued a detailed construction schedule so we knew what was going on, and any variances were advised, quoted and discussed.

The Hennessy team is solutions oriented and a pleasure to deal with. Site meetings were actually enjoyable and lots of fun. In addition, the build and finishing quality is top class.

Can we recommend them? - Yes 100%

Client Testimonials

Byron & Yvonne Humphries, Palm Beach

With so many builders to choose from in SEQ, we couldn't be happier with our choice to partner with Aaron when extensively renovating our home.

Renovating can be a most stressful time, especially with a young family, but Aaron's detailed planning, open communication, exceptionally high standards and commitment to perfection, made this journey a rewarding one.

Now at the end of this journey, Aaron is not only a trusted builder, but a great friend.

Aaron and his extremely talented team transformed our 40 year old home into a beautiful and open space in which our family loves to spend time together.

Client Testimonials

Jennifer Smith, Varsity Lakes

We have no hesitation in recommending Hennessy Building Projects to anyone who is wanting to build, extend/renovate. Hennessy Building Projects restored our faith in building.

Aaron was always there when he said he would be; his team were respectful and got struck into the job producing high level craftsmanship.

Aaron provided ideas and was always flexible to change. His team were so efficient and even with all the rain, the job was still completed well within the time frames.

Our extension and building works looks great and we have had so many compliments. They really are a great company.

Client Testimonials

Diane and Chris Gordon, Reedy Creek

Hennessy builders were very professional right from the beginning. Aaron made it so easy for me by handling the whole project which would otherwise have been a very taxing process for someone who has never had any building or renovating experience.

He and his building crew effortlessly executed the whole shop fit out on time from an empty shell to a luxurious beauty lounge that I am proud of.

I would highly recommend Hennessy builders in the future due to their commitment to their work and to their client.
